Acknowledgment of WestJEM Top Section Editor and Top Reviewers

As 2012 draws to a close, WestJEM would like to honor the top reviewers and section editors of the past year. Without their generous contributions of time and expertise to the peer-review process, the Journal would not be able to advance its mission of emphasizing practical, efficient, and world-class emergency care. The top section editors and reviewers are chosen based on their quality of work, number of assignments, and timeliness of reviews.
